**Friday**

Monday, April 8, 2024

**Time**

12:00pm EST

12:00pm PST

This webinar will be  
delivered in English

**McGill**

**Date:** Monday, April 8, 2024 - **Please note:** This is a change from the previous date that was advertised.

**Presentation 1:**

12:00pm-1:00pm Eastern, (9:00am-10:00am Pacific)

**Presentation 2:**

12:00pm-1:00pm Pacific, (3:00pm-4:00pm Eastern)

**Presenter:** Dr. Guylène Thériault, McGill University

**Webinar Title:** Teaching Wisely

**Biography:**

Family physician with a diploma in evidence-based healthcare and a Master's in education. Now studying at the doctorate in education. Co-lead for primary care for Choosing Wisely Canada and co-president of the Canadian Task Force.

**Webinar Overview**

After reviewing some facts about overuse, the presenter will use cases to illustrate how we can help students learn and practice high-value care.

**Learning Objectives**

At the end of the webinar, the participant will be able to

- Use different tools to guide learners in adopting a reflective practice toward resource stewardship
- Guide learners confronted with patients asking for possible unnecessary treatments or tests
- Teach shared decision making
